Ticket prices

This year we offer two options for booking:

- Option 1: a festival pass that includes admission to all performances (one time admission to each performance, upon prior registration), symposium program and catering.

The price for the festival pass is 140€ (125€ in case of registration until September 1).

- Option 2: you put together your own festival program and pay for each performance, symposium and catering separately.

For the individual tickets we offer a reduced price of 9€ per ticket to our colleagues. However, if you are visiting FRATZ representing a bigger institution, we would appreciate it if you paid the full price of 13€ per ticket.

I would like to get a festival pass at an early bird rate and will send my registration by September 1.

Festival pass: 125€.

I would like to get a festival pass at the full price and will send my registration by September 25.

Festival pass: 140€.

I would like to book single performance tickets and I am paying the reduced price of 9€ per ticket.

I would like to book single performance tickets and I am paying the full price of 13€ per ticket.

In both options, we ask you to reserve a slot for the performances (marked white below). Please check the box on the right to register.

- * Admission to the events of the symposium program (marked green below) is 9€. Some events are offered free of charge – for example the opening event.
- * Most venues are well-equipped with nearby dining options for self-catering. At Podewil, we offer snacks and coffee, as well as a hot (vegan) meal option on one occasion (highlighted in yellow below), that you can sign up for separately for €13.
- * After registration you will receive an invoice via email for the festival pass (Option 1, €140/125) or with the exact sum for your individual festival program (Option 2)

Please note that the venues are located in different parts of the city. To assist with your planning, the (estimated) end times of the performances and the travel time between venues are listed on the accreditation form. Performances starting one hour apart in different parts of the city cannot be combined.

Special cases:

FRATZ Atelier – Pushing, Swinging, Playing: The studio program is primarily organized for daycare groups. There is a special event for professional visitors on Sunday. By arrangement, you can also attend a studio session intended for daycare groups, though capacity for this is limited.

The Sticky Dance: This year, we are once again hosting a performance for neurodivergent children (Sensory Groovers). The three performances on Saturday are an exclusive offering for neurodivergent children and their accompanying adults; attendance by professionals is very limited for these sessions. The Sunday performance is open to neurotypical and neurodivergent children aged 3 to 5 and their accompanying adults, as well as professionals.
