Baobab

Dance Performance with Live Music (2+)
Cíntia Rangel & Theater o.N. | Germany

Content description

Duration

- 30 minutes without post-show time

Language and text

- little spoken language, the word “Baobab” is spoken

Stage design, props

- reflective surfaces
- spotlights, a light bar
- water (also spat out)
- central circle

Sensorial stimuli/triggers

- live music with sound design, from calm to energetic
- light projection onto the stage wall, photos and videos, overall rather dark
- the light is made brighter and darker, sometimes quite quickly, and also colourful
- some light reflections on the stage

Audience area and movement

- the audience sits in front of the stage

Atmosphere and content

- the humanised baobab tree learns its self-worth through its reflection in the water: the tree of life
